

Parent Academy Application

Background Information

The Center for Excellence in Literacy Instruction (CELI) is excited to offer schools and communities the opportunity to implement the newly revised Parent Academy program. Originally developed by the Barksdale Reading Institute as a free opportunity for parents, grandparents, caregivers, and others supporting four-year-olds on their path to kindergarten readiness. Parent Academy was transferred to CELI in June 2023 when the Barksdale Reading Institute decided to sunset. After program revisions, CELI completed a pilot of the revised Parent Academy during 2024-2025. During the 2025-2026 school year, Parent Academy was successfully implemented across the state in 7 different communities.

CELI is currently accepting applications from schools and communities interested in implementing Parent Academy during the 2026-2027 school year.

About Parent Academy

Parent Academy aims to improve outcomes for children and families in Mississippi communities by ensuring parents and caregivers understand what kindergarten readiness is, why it matters, what it looks like, and how to tell when their child is ready. Parent Academy equips parents and caregivers with tools, knowledge, and simple hands-on activities that support a child's development of essential readiness skills. The target audience includes any stakeholder in a four-year old's educational journey. Parent Academy consists of **six in-person sessions** covering **eight modules**, each with practical activities and suggested materials for home use. Sessions are designed to be delivered monthly in the evening and last approximately 1.5 hours.
